Teachers and Educators

Join the Staff at Clark Gardens as we Introduce

Our first **Backpack Biology Lesson Plan** On
Tree Systems

Designed for Students K-5th Grade

5E and TEKS Based Lesson Plans focused on inquiry and place based learning

Thursday, March 25, 2010

8:30 am to 1:00 pm

Clark Gardens Botanical Park

567 Maddux Road, Weatherford, TX 76088

Clark Gardens Botanical Park's Backpack Biology allows teachers to incorporate SCIENCE TEKS with social studies, math and language arts. Participants will enjoy an invigorating experience surrounded by the beauty of Clark Gardens as they explore lesson plans designed to introduce students to the tree systems.

Each tree system lesson plan includes:

Part One – Pre Visit Classroom Activities introducing students to Clark Gardens and to the science of tree systems

Part Two – Visit to Clark Gardens to study the tree system. All materials to complete on the site visit and lesson plan will be provided in the Backpack Biologist Pack

Part Three - Post Visit Classroom Activities

Participants will have the opportunity to review the lesson, discuss implementation with peers, and ask questions of Clark Garden staff. The day's activities include lunch (provided by Clark Gardens) and a garden tour.

Register Today by Completing the Attached Form

“The wonder is that we can see these trees and not wonder more.”—*Ralph Waldo Emerson*
